

# DATABASE SEARCH FORM

## Data Identifiers & Parameters

A1 Handbook Series<sup>1</sup>

A2 Title 17

A3 Title 19

A4 Title 21

A5 Title 24

B1 International Journal Series<sup>2</sup>

B2 eSOPS & SOPs

B3 Analytical Methods

B4 Analytical Validation Procedures

B5 Validation Protocols + Type

C. Year of Publication<sup>3</sup>

C1 – Pre 1987

C2 – 1987 to 1994

C3 – 1995 to 2000

C4 – 2000 to 2005

C5 – 2005 to Current Year

D. Edition Number<sup>3</sup>

D1. | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 |

11 | 12 | 13 | 14 | 15 | 16 | 17 | 18 | 19 | 20 |

E. PRINT RUN<sup>3</sup> (Variable data per run)

E1 1<sup>st</sup> Print sub-edition

E2 2<sup>nd</sup> Print sub-edition

E3 3<sup>rd</sup> Print sub-edition

F. GEOGRAPHIC ZONE<sup>3</sup> (Variable data/zone)

F1. - Africa Edition

F2. - Asia Edition

F3. - Euro Edition

F4. - Japan Edition

F5. - USA Edition

G. Data Validation & Proofing

<sup>123</sup> Unique Identifiers

Identifiers essential<sup>12</sup> as data varies in individual identifiers<sup>3</sup>. Where the identifier<sup>3</sup> is unknown the entire parameter is searched

## Cost Structure and Payments

Database Search Structure in USD or Euro

SECTION G

Data Proof reading - \$ costs are request specific

Data Validation - \$ costs are request specific

+

SECTION F

Per geographic zone \$900

+

SECTION E

Per print run \$900

+

SECTION D

Per edition \$900

+

SECTION C

Per Year \$900

+

SECTION B

Per Series \$300

+

SECTION A

Per Series \$1100

**TOTAL RETRIEVAL COSTS**

**A+B+C+D+E+F+G = Total Cost**

Important Notes:

1. Each Handbook/Journal Series contains specific data information to the specific user market or targeted geographical zone

2. Databases pre-2006 is tape/disc/digital under controlled storage conditions and/or 3<sup>rd</sup> party environments stored via scan, PC OCR systems and/or digital forms

3. Databases post-2006 is internet based and stored via primary and web mirrors systems on a global storage and server system.

4. Search and Retrieval costs are payable in advance to the publishing and/or copyright/intellectual property holders

5. Full comprehensive world data search on approximately Two (2) terabytes of database information storage may range from \$10K to \$25K to \$50K

6. Additional costs and charges and/or certain restrictions may apply on specific search requests or dispositions

7. Full and complete disclosure for data usage and disposition pertaining to all interested parties is generally requested.
